Dear Mayor and Commissioners:

The DSA is committed to working with the City Commission and City Staff with its efforts to amend the current metered parking plan. Pursuant to that effort we look forward to participating in the February 23<sup>rd</sup> parking meter town meeting at Selby Library and all subsequent workshops. The DSA board of directors has not authorized nor has it voted to support any advertisements that may appear in the Observer or other media with respect to opposition to parking meters.

Respectfully yours,

John Harshman  
DSA Chairman
